APPENDIX No. 6.

OFFICE OF THE MAYOR.

Philadelphia, April 21, 1904.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—In the annual appropriations made by your Honorable Bodies, you appropriated to the Department of Supplies for 1904, the sum of \$296,000 for the purpose of purchasing supplies for the Board of Education. By the recent decision of the Supreme Court of the State the Department of Supplies will have no right to purchase the supplies for the Board of Education, and it will therefore be necessary to transfer what is left of this item from the Department of Supplies to the Board of Education. Of this sum of \$296,000 the sum of \$90,000 was for fuel. Under an arrangement between the Board of Education and the Director of Supplies the Department of Supplies has been purchasing, during pending litigation, fuel for the various schools that needed it, and they have furnished fuel to the extent of \$76,177.15, so that it will only leave \$13,822.85 to be transferred of this ninety thousand dollars fuel item. The whole of the balance of the \$296,000, namely, \$206,000 should be transferred, and I ask your Honorable Bodies to pass an ordinance making the necessary transfers.

Yours very truly,

JOHN WEAVER,

Mayor.

APPENDIX No. 7.

OFFICE OF THE MAYOR.

Philadelphia, April 21, 1904.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor to transmit herewith a communication from Frederick J. Shoyer, Esquire, Di-

rector of the Department of Supplies, together with a communication from Dr. Edward Martin, Director of the Department of Health and Charities, asking for an additional appropriation of \$25,000 to Item 24, Section 3, in the annual appropriation to the Department of Supplies "for tools and materials used in repairs to buildings, roads and grounds, plumbing and steam fitting." The amount of \$10,000, which was appropriated to this item, has been exhausted, and unless additional funds are appropriated work will have to cease on May 1st.

May I ask that the necessary legislation to accomplish the desired result be enacted?

Respectfully,

JOHN WEAVER,

Mayor.

DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

Philadelphia, April 20, 1904.

FREDERICK J. SHOYER, ESQ.,

Director, Department of Supplies.

DEAR SIR:—The Bureau of Charities, Department of Public Health and Charities, will require an additional appropriation of twenty-five thousand (25,000) dollars on Item 4, appropriation to the Department of Supplies for the Bureau of Charities.

Yours very truly,

EDWARD MARTIN,

Director.

DEPARTMENT OF SUPPLIES.

Philadelphia, April 21, 1904.

HON. JOHN WEAVER,

Mayor of Philadelphia.

DEAR SIR:—I have the honor to transmit herewith a communication from the Director of the Department of

Public Health and Charities asking for an additional appropriation of \$25,000 to Item 24, Section 3, in the annual appropriation to this Department "for tools and materials used in repairs to buildings, roads and grounds, plumbing and steam fitting." There was appropriated to this item 10,000 dollars, but this amount has been exceeded, and unless additional funds are appropriated repair work will have to cease on May 1st. I would beg leave to ask that you transmit this request to Councils.

Very truly yours,

F. J. SHOYER.

APPENDIX No. 8.

OFFICE OF THE MAYOR.

Philadelphia, April 4, 1904.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return herewith, without my approval, an ordinance entitled "An Ordinance authorizing Andre F. Bornot & Brother to construct and maintain an enclosed ash conveyor in connection with their works and outside the building line on the north side of Melon street, east of Seventeenth street, in the Fifteenth Ward."

I referred this ordinance to Peter E. Costello, Esquire, Director of the Department of Public Works, who reports thereon as follows:

"I referred the above named ordinance to the Chief of the Bureau of Highways, who reports thereon as follows:

"I herewith return ordinance authorizing A. F. Bornot & Bro. to construct an enclosed ash conveyor outside of the building line on the north side of Melon street, east of Seventeenth street, without my approval, with the following reasons:

I made a personal examination, not being satisfied with the terms of the ordinance, and found that Messrs. Bornot

& Bro. had already constructed the first section of this ash conveyor, and instead of it being 3 feet 5½ inches beyond the building line, it was 3 feet 8 inches by their own measurement, and this they have done without authority.

I find also that while it would be a great convenience to Messrs. Bornot & Son to have this ash conveyor constructed, it would be a much greater inconvenience and annoyance to the general public, more especially the people residing in Melon street. Messrs. Bornot & Brothers' establishment fronts on Fairmount avenue, runs southwardly along the line of Seventeenth street to Melon street, and for a distance of about 184 feet eastward on Melon street. The balance of the street is occupied by small dwelling houses, all of which are tenanted, and the blowing of ashes from this conveyor would create much nuisance and inconvenience to these people.

In addition I would not approve of an obstruction over the highway at the height and of the kind proposed to be erected, and should it be erected, and be declared a nuisance, Councils could not order its removal until one year after it had been erected."

For the reasons above stated, I withhold my approval from this ordinance.

Respectfully,

JOHN WEAVER,

Mayor.

APPENDIX No. 18.

Philadelphia, April 21, 1904.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred a communication from Clayton McMichael, Esq., late City Treasurer, requesting to be relieved of the costs or interest on judgment of Court of Common Pleas No. 2, D. T., 1900, No. 759, July 16, 1903, respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

Philadelphia, April 1, 1904.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—On March 15, 1904, I paid to the City of Philadelphia \$45,196.35. This was the total sum of all moneys received and retained by me as City Treasurer on account of Commissions on Personal Property Taxes (\$43,426.26) and as commissions on payments to the State on account of Taxes and Loans (\$1,770.09).

The City further claims from me interest on these sums at the rate of 4 per cent. per annum from January 1, 1901, to date of judgment, City of Philadelphia vs. Clayton McMichael, C. P. No. 2, D. T., 1900, No. 759, July 16, 1903; and further interest at the rate of six per cent. per annum from July 16, 1903, on the principal sum described added to the interest to July 16, 1903, as stated.

If interest were payable those rates would be arbitrary, improper and unjust. From January 1, 1901, to this date the City had not received on any moneys in its designated depositaries drawing interest any payments of interest or accretions of interest at a higher rate than two per cent. per annum.

I ask that the City will waive claim for interest in any or every amount and cause the judgment against me to be entered satisfied and myself discharged from further debt or obligation to the City on account thereof:

First—Because by no other manner could or would the City have received so much actual money from the sums collected as Personal Property Taxes, etc., during my term as City Treasurer as has been received through my retaining these commissions and paying the same to the City as they were paid by me on March 15, 1904.

Second—Because the City has actually received in cash on account of collections of personal property taxes during my term as City Treasurer \$8,739.63 more than it would have received from said collections if the moneys retained by me as commissions had been paid to the State Treasurer from time to time as demanded by the City Controller.

If the sum of \$43,426.26 retained by me as commissions had been deposited by me with the State Treasurer, and not therefore retained by me, three-fourths of that amount would have been returned by the State directly to the County. Upon this three-fourths equal to \$32,569.70 if deposited in the designated depositaries of the City, the interest from January 1, 1901, to April 1, 1904, would have amounted to \$2,116.93.

The total receipts of the City to date could at the utmost, under procedure now determined as law, from this source of Personal Property Taxes not have exceeded \$34,849.58; thus showing my action, now determined to be illegal, to have resulted in a net gain to the City of \$8,739.63. In view of this enormous profit resulting to the City from my act a claim for additional sums as interest could not be made as compensation for any benefit of which the City has been deprived.

Third—Because there is and has been no assertion of intention, effort or right to impose punitive damages. The judgment of the Court resulted from an amicable suit to determine disputed questions of law. The issue was upon a case stated containing the agreed facts. No attempt or suggestion was ever made by me to hinder or delay judgment or trial. There can be no equitable reason for charging me with a pecuniary penalty in the form of interest because of a lapse of time beyond my control.

Fourth—Because these commissions were not withheld contumaciously. The public proceedings show that the Auditor General, to whom the City Treasurer must by law account for his actions in relation to moneys proceeding through his hands to the State, commanded that these moneys should be withheld and retained. The Attorney General of the Commonwealth in this specific case advised that the instructions so issued by the Auditor General must be obeyed. The dissenting opinion filed by Mr. Chief Justice Mitchell and the concurrence therein by Mr. Justice Thompson, in the final decision of the law by the Supreme Court of Pennsylvania, also, may be referred to in pleading reasonable authority. Therefore, a demand for interest is a penalty not called for by the facts and circumstances.

Fifth—Because interest upon such amounts is not a necessary incident of this form of action. In *Columbia National Bank vs. Beltz*, 2 Pennypacker, 174, the Supreme Court says: "Where money is recoverable under a statute that makes no provision for interest none can be demanded."

Sixth—Because my request to be relieved from payment of interest is a petition and not a contest. It is in the power of the City to waive its claim to interest and it has suffered no loss for which it might seek interest as compensation. On the other hand these moneys withheld, retained, and returned as commissions on payments of Personal Property Taxes and on Loans have not been used to my personal profit.

Respectfully,

CLAYTON McMICHAEL.

Common Councils of the City of Philadelphia.

GENTLEMEN :—In June, 1903, the Board of City Trusts made an appropriation of fifteen hundred dollars from the income of the Mary Shields' Almshouse Fund to pay for the extension to the roof of the elevator in the General Hospital at Blockley. This was done because at that time a roof garden had been constructed for the use of the patients of the hospital suffering from tuberculosis, and it was estimated at that time that fifteen hundred dollars would be all that was required to make this extension. It was discovered, however, when they came to do the work, that the law required a fire-proof construction, and this increased the price to two thousand seven hundred and ninety (2,790) dollars and forty-eight (48) cents.

The work was completed by the Stokes & Parrish Elevator Company, and I attach hereto their bill for the same.

The amount available from the Mary Shields' Fund is one thousand five hundred (1,500) dollars, so there is left a deficiency of one thousand two hundred and ninety (1,290) dollars and forty-eight (48) cents, and I would ask that your Honorable Bodies make an appropriation of this amount to make up the deficiency to pay this bill.

I endeavored to have the Board of City Trusts appropriate this additional amount from the Mary Shields' Almshouse Fund, but an investigation disclosed the fact that this fund was already overdrawn and that it would not be wise for the Board of Directors of City Trusts to make any further appropriation from the fund at the present time.

Very truly yours,

JOHN WEAVER,

Mayor.

OFFICE OF THE MAYOR.

Philadelphia, May 11, 1904.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—During the past winter the heavy ice floes that came over Fairmount dam, on the river Schuylkill, injured the dam to a very serious extent. I annex to this message several photographs taken by the photographer of the Department of Public Works, showing the condition of the dam.

It is important that this should be repaired before next winter, and from estimates that have been obtained by the Department of Public Works, it is thought that it will require in the neighborhood of fifteen thousand dollars to make the repairs.

I would therefore ask that you make an appropriation of fifteen thousand dollars to the Department of Public Works to have the dam put in proper shape.

Respectfully,

JOHN WEAVER,

Mayor.

Philadelphia, May 19, 1904.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to revise the grades of Jefferson street, from Fifty-third to Fifty-fourth street, and Fifty-fourth street, from Jefferson street to Columbia avenue, and of streets adjacent thereto,” beg leave to report that it is necessary to change the grade of these streets in order to provide headroom under the bridge of the Pennsylvania and Schuylkill Valley Railroad. The bridge was constructed without reference to the established grades before the City had control of the street. As the streets are not graded at the present time very little additional damage will be caused by the passage of this ordinance. We therefore report the ordinance with a favorable recommendation.

Frank H. Massey (*Ch'n*), Basil H. Brown, Frank Weideman, Chas. H. Johnson, John Klang, John Allsback, John S. Dutton, G. W. Young, J. H. Shaw, W. F. Short, Geo. B. Edwards, Wm. Boal, H. J. Trainer, Hubert J. Horan.

APPENDIX No. 53.

Philadelphia, May 19, 1904.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to revise the curb lines of St. David street, between Green lane and Dupont street,” beg leave to report that there is no necessity for the curb on the south side of St. David street, between the points mentioned, as no properties front on the street. The cartway at the present time is too narrow to accommodate the travel on the street, and as it can be widened without injury to any one we report the ordinance with a favorable recommendation.

Frank H. Massey (*Ch’n*), Basil H. Brown, Frank Weideman, Chas. H. Johnson, John Klang, John Allsback, John S. Dutton, G. W. Young, J. H. Shaw, W. F. Short, Geo. B. Edwards, Wm. Boal, H. J. Trainer, Hubert J. Horan.

AN ORDINANCE

To revise the curb lines of St. David street, between Green lane and Dupont street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*. That the Department of

Public Works (Board of Surveyors) be authorized and directed to revise the curb lines of St. David street, between Green lane and Dupont street so as to omit the sidewalk on the southwest side.

APPENDIX No. 54.

Philadelphia, May 19, 1904.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to revise the lines and grades of that portion of the City plan bounded by York road, Sixth street, Wingohocking street and Erie avenue,” beg leave to report that this revision is made necessary by reason of the extension of Hunting Park, the ordinance for taking which provided for the striking from the City plan of all streets within the proposed extension, while no provision was made for the adjustment of the lines and grades of the existing streets adjacent thereto. The passage of the ordinance will entail no damage upon the City, as the territory involved is unimproved. We therefore report the ordinance with a favorable recommendation.

Frank H. Massey (*Ch'n*), Basil H. Brown, Frank Weideman, Chas. H. Johnson, John Klang, John Allsback, John S. Dutton, G. W. Young, J. H. Shaw, W. F. Short, Geo. B. Edwards, Wm. Boal, H. J. Trainer, Hubert J. Horan.

AN ORDINANCE

To revise the lines and grades of that portion of the City plan bounded by York road, Sixth street, Wingohocking street and Erie avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to re-

vise the lines and grades of that portion of the City plan bounded by York road, Sixth street, Wingohocking street and Erie avenue.

APPENDIX No. 55.

Philadelphia, May 19, 1904.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to revise the lines and grades of Broad street, between Oregon avenue and League Island Park,” beg leave to report that the object of the ordinance is to provide a suitable approach to League Island Park. The estimated cost for the taking of the plaza and the physical widening of Broad street, based on the assessed valuation of the property is approximately one hundred and seventy-five thousand (175,000) dollars. We therefore report the ordinance with a favorable recommendation.

Frank H. Massey (*Ch’n*), Basil H. Brown, Frank Weideman, Chas. H. Johnson, John Klang, John Allsback, John S. Dutton, G. W. Young, J. H. Shaw, W. F. Short, Geo. B. Edwards, Wm. Boal, H. J. Trainer, Hubert J. Horan.

AN ORDINANCE

To revise the lines and grades of Broad street, between Oregon avenue and League Island Park.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized and directed to revise the lines and grades of Broad street, between Oregon avenue and League Island Park, so as to create a plaza bounded by Oregon avenue, Thirteenth street, Bigler street and Fifteenth street, and to make Broad street, from Bigler street to League Island Park, three hundred feet wide.

APPENDIX No. 56.

Philadelphia, May 19, 1904.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to strike from the City plan and vacate Abington avenue, from Thirtieth to Thirty-first street," beg leave to report that in order to open and develop Abington avenue as at present laid out it will be necessary to construct a bridge and take down several buildings. We are of the opinion that the attendant land damages and the construction of the bridge would not be warranted by the public advantages of the street, and that no public interest will suffer by striking it from the plan. We therefore report the ordinance with a favorable recommendation.

Frank H. Massey (*Ch'n*), Basil H. Brown, Frank Weideman, Chas. H. Johnson, John Klang, John Allsback, John S. Dutton, G. W. Young, J. H. Shaw, W. F. Short, Geo. B. Edwards, Wm. Boal, H. J. Trainer, Hubert J. Horan.

AN ORDINANCE

To strike from the City plan and vacate Abington avenue,
from Thirtieth to Thirty-first street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized and directed to strike from the City plan and vacate Abington avenue, from Thirtieth to Thirty-first street, in the Twenty-second Ward: *Provided*, That the owners of abutting property first file a release satisfactory to the City Solicitor of all damages resulting from striking said street from the plan and its vacation.

APPENDIX No. 57.

OFFICE OF THE MAYOR.

Philadelphia, May 19, 1904.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—Very early this year I appointed a theatrical commission composed of George F. Payne, A. Raymond Raff, Howard S. Richards, John C. Sager, Chief of the Electrical Bureau; Robert C. Hill, Chief of the Bureau of Building Inspection, Mr. James C. Baxter, Jr., Chief of the Bureau of Fire, Mr. John Lattimer, Fire Marshal. They did their work very well, devoting several months of their time without compensation for the work, and it has resulted in a very great improvement in the safety of the theatres patronized by the public.

The committee were put to a considerable expense in carriage hire, going from place to place, and restaurant charges, and they have furnished me with bills amounting to \$1,106.98, which I understand cover the total expense to which they were put. May I ask your Honorable Bodies to appropriate this amount of money to pay these bills of the Commission?

Respectfully,

JOHN WEAVER,
Mayor.

APPENDIX No. 68.

Philadelphia, May 26, 1904.

To the **Presidents and Members of the Select and
Common Councils of the City of Philadelphia.**

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to place upon the City plan a drive or parkway along the eastern bank of Cobb’s creek, and to place upon the plan tracts of ground as open public places and park between said avenue and Cobb’s creek, for the health and enjoyment of the people,” beg leave to report that the valley of Cobb’s creek is low ground and unfit for building purposes unless a large amount of grading were done. The cost of the land that will ultimately be taken for a drive and parkway will be very little in excess of bringing the streets to grade. We, therefore, report the ordinance with a favorable recommendation.

Frank H. Massey (*Ch’n*), Basil H. Brown, George W. Conrad, John Klang, J. H. Shaw, John Allsback, Frank Weideman, Chas. B. Barton, Chas. H. Johnson, W. F. Short, W. N. Stevenson, H. J. Trainer, Samuel Crothers, Geo. B. Edwards, Thomas S. Wiltbank.

AN ORDINANCE

To place on the City plan Marion, Beulah, Franklin, Elder, Victoria, Durfor, Millick, Glenmore, Auburn, Emery and Jackson streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized and directed to place on the City plan Marion street, of the width of forty feet, from Manheim to Ashmead street; Beulah and Franklin streets, each of the width of thirty feet, from Porter to Ritner street; Elder street, of the width of thirty feet, from Venango street to Erie avenue; Victoria street, of the width of thirty-five feet, from Germantown avenue to Elder street; Durfor street, of the width of thirty feet, from Nineteenth to Twentieth street; Millick street, of the width of thirty feet, from Gray's avenue to Elmwood avenue; Glenmore street, of the width of thirty feet, from Fifty-third to Fifty-fourth street; Auburn street, of the width of thirty feet, from Gaul to Miller street; Emery street, of the width of twenty feet; from Lehigh avenue to the Philadelphia and Reading Railway; Jackson street, of the width of sixty feet, from Rhawn street to a point about five hundred and thirty-eight feet northeast of Holmes line: *Provided*, That before said streets, excepting Auburn, Emery and Jackson streets, shall be placed on the plan the owners of ground within the lines of said streets shall first dedicate the bed of the same to the City on the lines and grades as confirmed by the Board of Surveyors, or shall indemnify the City from all damages or claims for damages which may arise by the placing of said streets on the plan and their subsequent

APPENDIX No. 70.

Philadelphia, May 26, 1904.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to revise the lines and grades of territory bounded by City line, Baltimore and Ohio Railroad, Cemetery lane and Mt. Moriah Cemetery," beg leave to report that the proposed revision covers a territory cut off from access eastward by the Mt. Moriah Cemetery. It is of little interest for general public development, and in order to rearrange the streets for better private development the revision should be made. It is also contemplated to permit of a connection with a proposed road to be laid out from Darby through Delaware county. As the territory is entirely undeveloped no damage will accrue to the City. We, therefore, report the ordinance with a favorable recommendation, and ask its passage.

Frank H. Massey (*Ch'u*), Basil H. Brown, George W. Conrad, John Klang, J. H. Shaw, John Allsback, Frank Weideman, Chas. B. Barton, Chas. H. Johnson, W. F. Short, W. N. Stevenson, H. J. Trainer, Samuel Crothers, Geo. B. Edwards, Thos. S. Wiltbank.

AN ORDINANCE

To revise the lines and grades of territory bounded by County line, Baltimore and Ohio Railroad, Cemetery lane and Mount Moriah Cemetery.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to revise the lines and grades of territory bounded by County line, Baltimore and Ohio Railroad, Cemetery lane and Mount Moriah Cemetery.

APPENDIX No. 71.

Philadelphia, May 26, 1904.

To the Presidents and Members of the Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to authorize the revision of lines and grades upon City Plans Nos. 253, 316 and 317, in the Thirty-fifth Ward," beg leave to report that the Philadelphia and Bustleton Railroad Company has been authorized to build and has partly constructed the railroad crossing territory within the City plans mentioned. The New York Short Line Railroad has also been authorized to construct a line across a portion of the same territory. In order to satisfactorily complete and perfect the said plans it is necessary to revise the lines and grades adjacent to and between the two railroads, and as the revision will be entirely over farm land no additional expense or damage will be placed upon the City. We, therefore, report the ordinance with a favorable recommendation.

Frank H. Massey (*Ch'n*), Basil H. Brown, George W. Conrad, John Klang, J. H. Shaw, Frank Weideman, Chas. B. Barton, Chas. H. Johnson, W. F. Short, W. N. Stevenson, H. J. Trainer, Samuel Crothers, Thomas S. Wiltbank, Geo. B. Edwards.

AN ORDINANCE

To authorize the revision of lines and grades upon City Plans No. 253, No. 316 and No. 317, in the Thirty-fifth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain* That the Department of Public Works (Board of Surveyors) be authorized to revise the lines and grades of streets upon City Plan No. 253, bounded by Vankirk street, "M" street, Montgomery County Line and Longshore street; City Plan No. 316, bounded by Cottman street, "I" street, Bleigh street, "O" street, Longshore street and the Montgomery County Line, and City Plan No. 317, bounded by "I" street, Borbeck street, "P" street and Bleigh street.

APPENDIX No. 72.

Philadelphia, May 26, 1904.

To the Presidents and Members of the Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to strike from the City plan and vacate Woodpecker lane, from Indiana to Seventeenth street," beg leave to report that this lane at the present time is a public highway crossing both branches of the Philadelphia, Germantown and Norristown Railroad at grade, making a dangerous thoroughfare, which should be abandoned. The new bridge on the line of Seventeenth street takes away any necessity for a further continuance of this grade crossing. We, therefore, report the ordinance with a favorable recommendation.

Frank H. Massey (*Ch'n*), Basil H. Brown, George W. Conrad, John Klang, J. H. Shaw, John Allsback, Frank Weideman, Chas. B. Barton, Chas. H. Johnson, W. F. Short, W. N. Stephenson, H. J. Trainer, Samuel Crothers, Thomas S. Wiltbank, Geo. B. Edwards.

AN ORDINANCE

To strike from the City plan and vacate Woodpecker lane, from Indiana to Seventeenth street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to strike from the City plan and vacate Woodpecker lane, from Indiana to Seventeenth street: Provided, That the owners of property affected first enter into an agreement, satisfactory to the City Solicitor, not to claim damages by reason of the striking of said street from the plan and its vacation, and granting to the City the privilege to maintain and reconstruct, when necessary, a sewer on the line of Woodpecker lane without cost for land or other damages.

APPENDIX No. 73.

Philadelphia, May 26, 1904.

To the Presidents and Members of the Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to vacate Gray’s lane, from Catharine street to Cedar avenue,” beg leave to report that Gray’s lane has been open for many years, but never upon the City plans. All the streets surrounding the block mentioned in the ordinance are legally opened, and no further necessity exists for retaining the road. We, therefore, report the ordinance with a favorable recommendation.

Frank H. Massey (*Ch’n*), Basil H. Brown, George W. Conrad, John Klang, J. H. Shaw, John Allsback, Frank Weideman, Chas. B. Barton, Chas. H. Johnson, W. F. Short, W. N. Stevenson, H. J. Trainer, Samuel Crothers, Thomas S. Wiltbank, Geo. B. Edwards.

AN ORDINANCE

To vacate Gray's lane, from Catharine street to Cedar avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to vacate Gray's lane, from Catharine street to Cedar avenue, in the Twenty-seventh Ward: *Provided*, That before said street or lane shall be vacated the owners of property affected shall file an agreement, satisfactory to the City Solicitor, not to claim any damages by reason of the said vacation.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Mayor be, and is hereby requested to return to Common Council, Common Council bill (Appendix No. 40) entitled "An Ordinance to make an appropriation of ten million eight hundred thousand (10,800,000) dollars out of the sixteen million (16,000,000) dollar loan, authorized by ordinance approved May 18, 1904, to the Department of Public Works (Bureaus of Filtration, Highways and Surveys), and Department of Public Safety (Bureau of City Property)."

APPENDIX No. 77.

RESOLUTION

Of request to the Mayor to return to Common Council, Common Council bill (Appendix No. 35), entitled "An Ordinance to amend an ordinance entitled 'An Ordinance supplementary to an ordinance entitled "An Ordi-

nance relating to nuisances," ' approved September 23, 1864, approved the 7th day of March, A. D. 1882, approved the 31st day of March, 1900."

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Mayor be, and is hereby requested to return to Common Council, Common Council bill (Appendix No. 35) entitled "An Ordinance to amend an ordinance entitled 'An Ordinance supplementary to an ordinance entitled "An Ordinance relating to nuisances," ' Approved September 23, 1864, approved the 7th day of March, A. D. 1882, approved the 31st day of March, 1900."

APPENDIX No. 78.

OFFICE OF THE MAYOR.

Philadelphia, May 25, 1904.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia

GENTLEMEN:—I return herewith an ordinance entitled "An Ordinance to make an appropriation to the various Bureaus in the Department of Public Works, Public Safety, Law, Board of Public Education, Receiver of Taxes, and Clerks of Councils, and to authorize certain transfers in the annual appropriations to the Departments of Public Works, and Public Health and Charities for the year 1904," without my approval as to the following:

First, Bureau of City Property, to Item 1, to increase salaries of twenty-four janitors and one janitress of courts from five hundred and forty (540) dollars per annum each to seven hundred and twenty (720) dollars per annum each, from June 1, two thousand six hundred and twenty-five (2,625) dollars.

Second, Item 19, for four additional assistant architects, from June 1st, three at an annual salary of two thousand (2,000) dollars each, and one at an annual salary of one thousand two hundred (1,200) dollars—four thou-

sand two hundred (4,200) dollars, making a total of six thousand eight hundred and twenty-five (6,825) dollars disapproved in this bill.

My reasons for disapproving these items are, as to the first, the finances of the City will not permit general increases in this way, and if the salaries of twenty-four janitors of the courts should be increased, it would certainly be necessary to increase the salaries of fifty or sixty janitors and janitresses in City Hall whose work, to my mind, is very much more exacting than the work of the janitors of the courts. The courts are closed for about three months of the year, while the janitors in the other departments are compelled to work from January to December without any vacation, and the work of a great many of them is very much harder and more continuous than the work of the court janitors.

As to the second item, I have received no information or light on the subject, but I find that the appropriation for 1904 appropriates three thousand eight hundred (3,800) dollars for the salary of the architect, one thousand eight hundred (1,800) dollars for one assistant, one thousand three hundred and fifty (1,350) dollars for another assistant, one thousand one hundred (1,100) dollars for another assistant, two thousand seven hundred (2,700) dollars for three other assistants, at nine hundred (900) dollars each, making six assistant architects and a chief architect; also one thousand nine hundred (900) dollars for an inspector of steam heating, etc., a total appropriation to this branch of the Board of Education of fourteen thousand three hundred and fifty (14,350) dollars.

Of course, if the architectural force is not sufficient for any increased work that may be put upon the Board of Education by reason of the two million (2,000,000) dollar loan, it seems to me that it would be better to go outside and get an architect to do some of the work, rather than create new positions at large salaries, which from my experience are almost bound to become permanent. I find that it is very much easier to create positions than it is to abolish them after they are created. In addition to which, the Board of Education might have the benefit of

independent architectural ability. For these reasons I have considered it wise to disapprove of these two items.

The rest of the ordinance is approved.

Respectfully,

JOHN WEAVER,

Mayor.

Philadelphia, June 1, 1904.

H. W. LEWIS, *President.*

APPENDIX No. 83.

OFFICE OF THE MAYOR.

Philadelphia, June 1, 1904.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return herewith without my approval an ordinance entitled "An Ordinance to authorize the opening of Hunting Park avenue, from Fifth to Marshall street, and Norristown street, from Stanton to Calumet street," for the following reasons:

I have made inquiries and cannot find that there is any public demand or the necessity for the opening of Hunting Park avenue from Fifth street to Marshall street, and I find that if all the owners and abutting owners claim damages, the cost of the same would probably be in excess of thirty thousand dollars. The City Controller retained \$1,500,000 for mandamus items this year, and payments on mandamus have thus far exceeded one million dollars, and will probably very largely exceed two millions before the end of the year. I am, therefore, constrained to prevent as far as possible any further draughts upon the City Treasury this year in mandamus items unless there is some special appropriation for the purpose and unless there is some great public necessity demanding the expenditure.

The opening of Norristown street, between Calumet and Stanton street is doubtless intended for Cresson street, which was placed upon the City plan April 18, 1904, under the authority of an ordinance that I signed on January 7, 1904, and there seems to be a public necessity for the opening of this street. Had it been passed in a separate ordinance I would unhesitatingly have signed it. I am sorry that the inclusion of Hunting Park avenue with it compels me to return it without my approval. If the opening of Cresson street can be authorized by a separate ordinance for that purpose I will very gladly sign it at once, but even in that case it seems to me that the damages

to be paid by the City should not exceed ten thousand dollars, and that a provision to that effect should be inserted in the ordinance.

Respectfully,

JOHN WEAVER,
Mayor.

APPENDIX No. 84.

OFFICE OF THE MAYOR.

Philadelphia, June 1, 1904.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return herewith without my approval an ordinance entitled “An Ordinance to permit F. A. Poth & Sons, Incorporated, to enlarge their present coal storing vault on the south side of Jefferson street, from Thirty-first street westward fifty feet,” for the following reasons:

First. The title of the ordinance is misleading, inasmuch as the body of the ordinance provides that the vault is to be extended on the south side of Jefferson street, from Thirty-first street westward fifty feet “*by extending the same northward under the cartway of said Jefferson street, a distance of eight feet, inside measurement.*”

Second. The Department of Public Works has at all times been opposed to the granting of such privileges under the cartways, as by so doing space is given to private individuals which will in the future be needed by the City for its own underground structures, and there is always a source of contention when vaults extend even to the curb line. It seems to me that as far as possible the City should be careful not to permit private individuals to encroach upon the space under the cartways that the City may in the very near future have need for.

Third. There is no repealer in this ordinance, as far as this particular privilege is concerned, of the provisions of

the ordinance of November 12, 1855, which provides that in no case shall vaults extend beyond the line of the curb.

For these reasons I have thought it best to return the ordinance without my approval.

Respectfully,

JOHN WEAVER,
Mayor.
